Mr. Dykman,

I don't ever get all of my mail, but I want to ask you. If you have got any of my writs that I have sent to the court, or should I say to you sir?

So could you please inform me of any and all of the paper work that you may have on me and all of my cases?

Because I am not an attorney and they don't have any law filing here, I can only hope that the court will take all of this into consideration.

So could you send me a copy of all of the paper work that you have on me? Also could you give me a date on when the court may Rule on any of the issues I have asked about?

Sincerely Yours,

Herbert G. Head
